MOREE BAR IN THE SKY LOUNGE

Customer	Meliá Hotels International S.A. (MELIÁ)
Project	Planning the Banquet Floor of the Sky Lounge Meliá Leipzig, Summer 2018
Requirements	The banquet floor is designed for representative events of 30-300 people and requires maximum flexibility in spatial and thematic design.
Solution	Use of the MODULAR LED BAR incl. dispensing system which can be adapted to the event both in size and color (white or colored LED lighting).

*„When planning the Sky Lounge banquet floor, we placed great emphasis on flexibility as well as a high-quality, modern and warm ambience. Concerning the bar, Moree was the first choice. The furniture is modular, we can adjust the location, size and lighting to event formats and use it for different functions, whether a corporate event, family celebration or wedding. Additionally the high-quality workmanship, functionality and a design that unobtrusively fits into our location opposite the famous St. Thomas Church‘. **Robert Bauer, General Manager***
